¹Students must select the core biology sequence. Two science courses beyond the core are required for State Certification in Early Childhood. NUFs 2000 meets part of this requirement.

²Students in this option will take MATH 2850 and MATH 2860.

³NAEYC and State standards require practicum and internship placements at both the preschool/kindergarten level and in the primary grades.

⁴Applications for Internship should be completed three (3) semesters in advance. Students in this option must take CTEC 4920 instead of HDFS 4920.

⁵Seniors must register for UNIV4AA0HS1 the term they plan to graduate (non-credit class number for clearing graduation).
